

WHY CHOOSE CARE AROUND THE BLOCK?

Partners in an exceptional aging journey

1. Inquiries and Complimentary Consult

All inquiries go to our Client Liaison, who will contact you to:

- Provide a free 30-minute consult
- Explore your immediate challenges
- Suggest several solutions to address your needs

2. Care Management Assessment

You will receive an assessment from one of our professional Care Managers. The assessment will:

- Allow us to identify your areas of concern
- Provide the information for your Care Manager to create your personalized plan of care

3. Start of Care Services

Once the areas of concerns are identified and the plan of care is complete, we are ready to begin services! Be assured that we will:

- Work together to match you with a highly trained care team
- Provide each Care Partner individualized, hands-on training
- Provide a more positive, holistic approach to care through our Care Management services

4. Ongoing Care and Evaluation

We are a family-owned business and pride ourselves on treating you like family. We strive to make your life easier, and accomplish this as our Care Managers:

- Provide oversight to update your plan of care as your needs change
- Take part in our 24/7 on-call response team rotation
- Advocate for and guide you to navigate your healthcare-related challenges
